

Regionalism, The South, Urbanization, Politics, Religion, and Class.

COMMENTS: The films for winter quarter include: "To Kill A Mockingbird," "Heat of the Night," "Midnight Cowboy," "The Last Hurrah," "Huey Long," "Elmer Gantry," and "Lost in America."

Anthropology

ANTH 107 INTRO ARCHAEOLOGY (3)

Drummond, 254 CON

MEETS: 14:30 UH, 204 CON

FORMAT: Lecture/Discussion

AVERAGE CLASS SIZE: 120

WEEKLY READING: 2-3 Chapters

EVALUATION: 2 25-55% Midterms (1 of 2 midterms is optional); 45-75% Final; (25% of grade is from discussion section, which includes one non-optional midterm)

READINGS: Fagen, PEOPLE OF THE EARTH; ARCHAEOLOGY

DESCRIPTION: The cultural development of humanity from the earliest available evidence to the time when history began to be written is the subject of the course.

ANTH 111 EVOLUTION OF MONKEYS AND APES (3)

Moreno-Black, 375 Condon

MEETS: 11:00-12:00 UH+, 180 PLC

FORMAT: Lecture/Discussion

WEEKLY READING: 30 Pages

EVALUATION: 2 Midterms, Final

READINGS: Jolly, THE EVOLUTION OF PRIMATE BEHAVIOR; Assigned readings (packet)

DESCRIPTION: This course will focus on the evolution, biology, and behavior of the primates (especially monkeys and apes). The emphasis will be on how these animals have adapted to their environments over time. We will pay particular attention to the anatomy of the feeding and locomotor complexes and behavior patterns which have developed for social group living. Topics for discussion will include: (1) Primate taxonomy; (2) the distribution of the primates; (3) Anatomy; (4) Group living and social behavior; and (5) Cognition, tool use and communication.

ANTH 210 PROBLEMS OF CONTEMPORARY AFRICA (3)

Dorjahn, 275 Condon

MEETS: 11:30 MWF, 260 Condon

FORMAT: Lecture/Discussion

AVERAGE CLASS SIZE: 25

WEEKLY READING: 75 Pages

EVALUATION: 25%-Paper, 25%-Midterm, 50%-Final

READINGS: Mazrue, THE AFRICAN CONDITION; Packet

DESCRIPTION: Of the major problems facing contemporary African countries and African individuals, this course will consider: education, elite formation, political systems development, economic growth and development and the interplay between Christianity, Islam, and traditional religions.

ANTH 302 TRIBAL SOCIETIES (3)

BIERSACK, 319 CONDON

MEETS: 15:30-16:50 UH, 360 CON

FORMAT: Lecture/Discussion

AVERAGE CLASS SIZE: 45

WEEKLY READING: 50 Pages

PREREQUISITES: 9 hrs. of Social Science or permission of the instructor

EVALUATION: 40%-Midterm, 60%-Final

READINGS: Read, THE HIGH VALLEY; Dens, THE DINKO OF THE SNOAN; Murphy, WOMEN OF THE FOREST

DESCRIPTION: The course is a brief introduction to peoples very different from ourselves, who nevertheless have something to offer us. Students will read about groups in Papua, New Guinea, Sub-Saharan Africa, and Amazonia. Topics include: Anthropological research, exchange, religion, the life cycle, manhood, and gender. COMMENTS: Although completion of Anthropology 301 is not a requirement for enrollment, Anthropology 301, 302, and 303 satisfy a cluster requirement

ANTHROPOLOGY 324 EVOLUTIONARY BIOLOGY OF THE PRIMATES (3)

Moreno-Black, 375 Condon

MEETS: 13:30-14:50 UH, 368 Condon

FORMAT: Lecture/Discussion/Lab

AVERAGE CLASS SIZE: 15

WEEKLY READING: 30 Pages

PREREQUISITES: Anth 110 or 111 (preferred)

READINGS: Ankel-Simons, A SURVEY OF LIVING PRIMATES AND THEIR ANATOMY; Assigned readings (packet)

DESCRIPTION: The material discussed in this course focuses on the evolutionary trends and adaptations of the primates (prosimians, monkeys, apes, and humans). Special emphasis will be given to the functional relationships between morphology and behavior. We will have the opportunity to view films and utilize skeletal collections in the informal laboratory sessions that comprise part of the classroom time. Selected topics for discussion will include: (1) Locomotion; (2) Muzzle, nose and the olfactory sense; (3) Feeding behavior; (4) Reproductive strategies; (5) Eyes, vision, ears, and the auditory sense; and (6) The evolution of the brain.

COMMENTS: This course is a prerequisite for primate anatomy. It is important for you to take Anth 324 if you are considering taking Anth 376 or 378 in the future.

ANTH 327 PEOPLE IN CENTRAL AND EAST AFRICA (3)

Dorjahn, 275 Condon

MEETS: 9:30 MWF, 360 Condon

FORMAT: Lecture

AVERAGE CLASS SIZE: 25

WEEKLY READING: 75 Pages

PREREQUISITES: 9 hours of Social Science or consent

EVALUATION: 25%-Midterm; 25%-Paper; 50%-Final

READINGS: Schuster, NEW WOMEN OF LUSAKE; Deng, THE DINKO OF THE SUDAN; Packet

DESCRIPTION: Emphasis will be on the cultures of the peoples in

Central and East Africa, on their recent history and on their roles in contemporary African countries.

ANTH 342 PEOPLES OF THE PACIFIC: MELANESIA (3)

Biersack, 319 Condon

MEETS: 12:30-13:50 UH, 360 Condon

FORMAT: Lecture/Discussion

AVERAGE CLASS SIZE: 25

WEEKLY READING: 50 Pages

PREREQUISITES: 9 hours of Social Science or instructor's permission

EVALUATION: 40%-Midterm; 60%-Final (student may elect to write a paper instead of take the final.)

READINGS: Course packet

DESCRIPTION: The course is an introduction to the peoples of that segment of the South Pacific called Melanesia. Topics include: Regional values, cannibalism, ritual, leadership, women, and cargo cults.

COMMENTS: Students are invited to imagine, along with the instructor, exotic, unfamiliar worlds and to rethink their own through them.

Biology

BI 100 BIOLOGICAL DIVERSITY (1)

Cook, 201 SC 1

MEETS: 14:30-15:50 U or 15:30-16:50 M or W, 30 SC 1

FORMAT: Film/Discussion

AVERAGE CLASS SIZE: 25

WEEKLY READING: 5 Pages

EVALUATION: 33%-3 Quizzes (tentative)

READINGS: Synopses of the programs will be provided.

DESCRIPTION: An overview of major biological concepts through a survey of the history of evolution of organisms on earth, from the simplest to the most complex, aquatic and terrestrial. The substance of the course is provided by the BBC film series, "Life on Earth." It is hoped that all the fundamental biological principles will be introduced and discussed. Instructors will lead discussions of the films, and students will be provided with synopses of the films beforehand so that they may prepare themselves for viewing and do not need to take notes.

COMMENTS: Pass/No Pass grade option only. Offered Fall and Winter terms.

BI 101 LIFE OF THE CELL (3)

Bonnett, 473 SC 1

MEETS: 12:30-13:50 UH, 221 Allen

FORMAT: Lecture

AVERAGE CLASS SIZE: 60-100

WEEKLY READINGS: 25-30 Pages

EVALUATION: 10%-Quiz; 50%-2 Midterms; 40%-Final

READINGS: Berns, CELLS

DESCRIPTION: Cells are the basic unit of life on earth. They occur in many specialized forms within which the activities take place which make life possible. An understanding of how cells function, grow, change, and reproduce enables us to better evaluate many of the
