

Nancy to Ron

Nancy: Ron, I need to talk with you about something. It's not easy and I hope you don't think I'm assuming too much. We've been spending a lot of time together and before we get physical, I think we should talk about AIDS.

Ron: I'm attracted to you too, Nancy, and I'm glad you brought this up because it has been on my mind lately. I've been hesitating to talk about sex and AIDS. I don't want to take any chances and I don't want you to take any either.

Nancy: I feel the same way. I'd like us to use condoms and foam. (Conversation continues. Nancy and Ron decide not to have oral sex and to try only dry kissing.) I'm glad we finally talked about this.

SEXUALLY TRANSMITTED DISEASE

GET THE FACTS

- Information on AIDS, Chlamydia, and other STD's at the Health Information Center (next to the pharmacy at the Student Health Center)
- Free pamphlets
- Speakers for classes, dormitories, organizations, and living groups (call 686-4447 for information)
- Students concerned about their health status can make a medical appointment with a health center clinician (call 686-4441)
