

Garry Shandling's 60-Second Interview

Garry Shandling is a workaholic, just like his hero Woody Allen, so we only asked him for one minute of his time. But, it was a very important minute. You see, Garry is becoming a very big star, and everybody's trying to get interviews with him. Here he is, facing a lifetime of being asked the same stupid questions, over and over, until he wants to commence shrieking. We felt we could do him a service by asking him these ridiculous questions *first*, letting him get in some practice making up equally ridiculous replies, and also allowing him to brush up on his shrieking. And what did Garry Shandling think of this idea? He was far too kind and decent a human being to answer *that* silly question.

The Interview :

Us- Do you sleep in the nude?

Garry- Let me check and I'll get back to you.

Us- What's your favorite color?

Garry- Polka dots.

Us- What's your sign?

Garry- Caesarian.

Us- What do you eat for breakfast?

Garry- Coffee.

Us- Is it true about you and Vanna White?

Garry- No, and there's also no truth to the rumor about me and Pat Sajak.

Us- What's your favorite thing to do on a date?

Garry- Have somebody along.

Us- If you had to be reincarnated as an animal, what would you choose to be?

Garry- A horse, and I think you know why.

Us- What are you going to do when the bubble bursts?

Garry- It did when I was ten years old.

P.S. Even the name of Garry's production company is funny. It's called How's My Hair?
