

STEREO DEMANDS THE REAL SOUND OF AMERICA'S BEST-SELLING SPEAKERS

Realistic® brand speakers from Radio Shack are the choice of music lovers who know uncompromised sound when they hear it... and solid-value craftsmanship when they see it. From the mighty Mach Two® system to our widely acclaimed Minimus® series, each and

every Realistic speaker system is engineered and manufactured to demanding standards. And 13 models, including two of our lowest priced extension speakers, feature a genuine walnut veneer finish, not vinyl. For the real sound of stereo, millions choose Realistic.
