

Two great ways to cruise through the semester.

The hand on the left is poised on what could be the most essential part of your education.

A Macintosh™ computer.

And the hand on the right is gripping pure, simple, unadulterated fun.

A Honda Scooter. One we're giving away.

All you have to do for a chance to drive it away is visit your campus computer center and fill out an entry form. While you're there, take a Macintosh for a test drive.

Because Macintosh can help you write term papers, categorize elements of the periodic table, plot the rise and fall of pork-belly prices, compile computer code, and talk to other computers.

And the first 250 people on campus who get behind a mouse, so to speak, will receive a free Apple® memo board.

So head over to your campus computer center today. And ask about our Student Financing Program.

Who knows? You may soon find yourself cruising a little farther than you expected.

 Test drive a Macintosh.  You may ride away on a Honda Scooter.
