Records

Continued from Page 12

the songs are covers, plus the thing is only slightly longer than a half-hour. Dylan albums used to be long, and they used to be written by Dylan. The good news is that the covers are really fun — Wilbert Harrison's "Let's Stick Together" has the right amount of bite to it, while "Shenandoah" is fine acoustic Dylan. His singing has deteriorated a bit (he sounds like he smokes too much) but despite its blemishes and short running time, *Down in the Groove* is definitely worth having.

the WOMEN'S CENTER
