AUTOCAD

AutoCAD Applications
This course introduces the computer, its basic components, its operating system, and configuration of the AutoCAD program. The design editor is thoroughly explored: lines, circles, ellipses, polygons, and arcs are all related to the fundamental design and drafting process. One weekend seminar is offered Sat. & Sun., January 28-29, 8:30 a.m.-2:00 p.m. Fee is \$95

Introduction to Computers
This class is geared for people who have no experience with computers. Basic computer theory will be introduced in a lecture format and then students will have the opportunity to gain hands-on experience in the lab on Macintosh, IBM PC, and Apple IIe systems. One week-end seminar is offered Sat. & Sun., February 4 & 5, 8:30-2:00 p.m. Fee is \$95

Introduction to Hypercard
This course introduces fundamental data management concepts, terminology, use of graphics, and applications for business or personal use, using Hypercard on the Macintosh computer. One weekend seminar is offered Sat. & Sun., January 28-29, 8:30 a.m.-2:00 p.m. Fee is \$95

Deadline for submitting Et als to the Emerald front desk, EMU Suite 300, is noon the day before publication. Et als are run only once unless the event occurs before noon. Events with a donation or admission charge will not be considered. Events occurring nearest the publication date and campus events will be given priority.

CORRECTION

Because of a technical error, the Emerald on Jan. 23 inadvertently published the wrong Et al column. The Emerald apologizes for any inconvenience that this error may have caused.

Correction

In the Jan. 23 Oregon Daily Emerald, Angela Lampros was paraphrased as saying President George Bush has been responsible for 70 million deaths in El Salvador. The number should have been 70,000. The Emerald regrets any confusion this error may have caused.
