SCOTT MASEN

KING

The celebration of Martin Luther King Day on January 16 brought demonstrations and marches, protests and calls for personal and social reflection.

Ill-timed yet revealing incidents of racism demonstrated that the problem of racial inequality is still very much alive in our community and in our society, and forced us to reexamine our own attitudes.

Even as Martin Luther King III spoke in the Hult Center of violence against minorities, he and his audience were forced into the street by anonymous callers warning of a bomb planted in the auditorium.
