

**We not only give you the money for college.
We also give you the time.**

If you think the best way to pay for college is to put it off for a few years and join the military, you're half right.

Because with the New GI Bill, you can join the Army National Guard and earn over \$15,000 for college.

But best of all, you serve part-time, as little as two days a month and two weeks a year. Which means you can go to school full-time. Right now. On us.

So the question you have to ask yourself is not, can you afford to go to college.

The question is, can you afford to wait.
