

Declaration of Independence:

Get a head start on life with Chase VISA or MasterCard®

Maybe you haven't really considered a credit card at this point. But the fact is, getting a credit card while you're still in school is smart.

That's because establishing your own credit history with Chase Manhattan can help you get the auto loan, charge cards and other financing you'll want later on. And right now, a credit card can help you live the way you want to.

Applying for a Chase VISA or MasterCard card is easy and takes only a few minutes. Just fill out the application to the right or pick one up on campus. If an application is unavailable, call Chase toll-free: 1-800-43CHASE, Ext. 15.

**Call today for a student application:
1-800-43CHASE, Ext. 15.**
