

Hiring for
summer and fall.

Support our Software

A N D

Keep the Hardware

Keep the hardware? That's right, if you successfully complete your nine-month co-op term, you will have earned your IBM Compatible or Macintosh® computer.

Anything can happen at Microsoft. As a Technical Associate Co-op, you'll provide technical phone support to a variety of users of Microsoft software all across the U.S. On an average day, you may talk to a midwestern housewife or an East Coast executive one minute, and Julia Child or a high-level White House advisor the next.

We've got Technical Associate internships available for people who speak our language — C, Pascal, Assembly or Basic. Excellent command of the English language and great problem-solving skills are a must. Experience as a computer tutor or programmer is a definite plus because you'll be teaching thousands across the nation how to better utilize MS products.

We're looking for students who want to prove something to themselves — that they've got the enthusiasm and motivation needed to make it at the world's leader in microcomputer software.

Our paid internships are full-time (40 hours a week) and last for a duration of 9 months. Relocation assistance is available for non-local participants. Additional benefits include a competitive salary, membership in our local health club and software discounts.

There are only a limited number of internships available, so act now. Send your resume to: MICROSOFT CORPORATION, Recruiting, Dept. SF-TAP, 16011 NE 36th Way, Box 97017, Redmond, WA 98073-9717. No phone calls, please. We are an equal opportunity employer.
