As leader of the aptly named "Hit Squad," Michele Krebsbach led the team with kills on 22 occasions. A pre-season hand injury isn't expected to slow her down this year.

left, it was like, OK. I don't have to worry about what she's thinking anymore. Not that it affected me that much what she thought of me, but the tension was a lot less.

It was her senior year, and I was a freshman and I came in and was doing really well, and I think she got scared that I was going to take a lot of things she deserved away from her. I think that was the biggest thing.

ODE: Did you find yourself becoming a team leader at that point?

MK: Well, verbally I've never been loud. My personality just doesn't work that way. I'm just not a very verbal person. That's one of the things I need to work on this year. I'm pretty passive with a lot of things. It's not that I'm not there with the team. I'm just not yelling or screaming.

ODE: How does Gerry (Gregory, head coach) feel about that?

MK: Same thing. He's been telling me this for years now. "You gotta be more verbal, you gotta talk more." I've been hearing it the whole time (laughs). I'm trying, it's just that I get kind of embarrassed. Some people, I think, make fools of themselves. They're so ... in another world, spastic. I guess I never wanted to be that, so I was always quiet. I'm pretty shy.

ODE: Is there a leadership problem on the team?

MK: Yes, I think a lot of people are pretty quiet. Steph Snyder's a big team leader — that's just her personality. When she got hurt last year, it got more quiet, and then things started

falling apart.

ODE: What are your plans after graduation?

MK: I sort of know, but I don't know where I'm going to go. I don't want to go home (Southern California) and I'm not going to stay here either — maybe Northern California. But I'm going to go into the police department. That's been my lifetime thing. People say, "you're going to be a cop?"

What do you want to be a cop for?" I think that's what it's going to be, I just don't know where.

ODE: Will that involve a lot of training?

MK: There's six months of physical training and six months of school. You can't enter before you're 21. I know a lot of people, and I know a lot
