AMAZING BICYCLE TIRE

The Multi-Cellular Polyurethane (MCP) Tire is made exclusively by Poly Air. This flat-proof, leak-proof, maintenance-free tire is composed of hundreds of thousands of microscopic air cells trapped in a matrix of incredibly tough polyurethane. MCP is a substance that is amazingly lightweight, incredibly durable and significantly easier to work with than ordinary rubber.

The MCP tire will not roll off the rim or have an unexpected potentially dangerous blowout — the ultimate safety factor. **GUARANTEED — NEVER HAVE A FLAT ... AGAIN!**

Poly Air Tires Inc. is so confident in the quality of the MCP tire that a comprehensive guarantee is provided for one full year after purchase ... a feature unheard of in the pneumatic tire industry!

For more information send your Free Brochure. If you wish to purchase your MCP tire immediately, please indicate size, number, type and price from the list below.
