Violation

This fall term, the head of the SPA (Speech Pathology and Audiology) department violated the benefits of early registration by arbitrarily closing and reopening both sections of ASL I (American Sign Language I). Thursday, the first day of registration, I registered at 10:30 a.m., and was told by Ned Christensen, SPA department head, that ASL I was closed. I was allowed to put my name on a waiting list. Laurie Kilborn registered at 12:30 p.m. the same day, and was able to enroll in ASL I without incident. Obviously,

Dr. Christensen had closed the class in the morning, only to open it at a later time. One of the privileges of being a senior is having a better chance to enroll in more popular classes. I feel this privilege was denied me. I still had some hope of that I would be taken off the waiting list and added to the class. However, on the first day of class, I was told no one else would be allowed to enroll. This misuse of registration policy disappointed all of the seniors who normally would have been able to enroll in the class. Due to the pending cut of the sign language program, this

year will be the last opportunity students will have to take this class. Let's make sure students who have waited for the opportunity to get into popular classes get their deserved space.
