

Y

ou worked hard to get
into the right college.

Now make sure you get
into the right company—

—Microsoft

Our Product Support Team is growing, and so is our demand for outstanding full-time Support Technicians!

Product Support Technician

As a Product Support Technician, you will support Microsoft's applications and systems products by answering end-users' call or answering questions over our On-Line System, helping them to trouble-shoot and run our products. Problems range from the very basic to the extremely technical, so you should have the ability to learn a variety of programs in-depth.

If you are about to graduate with a degree in Computer Science, Electrical Engineering, Management Information Systems or other related technical degree, and are interested in operating systems, networking, programming languages or applications software, we want to talk with you.

Microsoft will be interviewing on campus:

February 2, 1990

See your Career Planning and Placement Office for more details.
