University of Oregon
Student Health Center

MEASLES VACCINE NOT JUST FOR KIDS

Did you know...

- "Vaccine failure" among college-age persons and young people account for 50% of measles cases
- The measles outbreak this last year was the worst since 1980
- The death toll for measles is the highest in 18 years
- The measles outbreak in Medford and Ashland last spring included student teachers from Southern Oregon State College

The measles "shot" you got as a child isn't enough!

According to the Oregon Department of Health, college students in Oregon should obtain a second dose of measles vaccine. (Students born before 1957 would be exempt from this recommendation).

Measles vaccine is available at the Student Health Center for approximately \$22.00.

No appointment necessary.

For more information, call your Student Health Center nurse:
686-4441

Looking for a good deal?? Read the Oregon Daily Emerald Classifieds.
