The tremendous potentials of the human mind promise

UNDREAMED-OF POSSIBILITIES...

Yet reading or intellectualizing, in themselves, are not enough to bring out all the beauty and greatness within us. "Meditation," said Paramahansa Yogananda, author of *Autobiography of a Yogi*, "is the pickax that pries up all the covers of consciousness and brings forth the fountain of God's ever new joy." For over 50 years Self-Realization Fellowship has been teaching scientific methods of meditation and principles of balanced living that can help you tap the limitless potentials of your inner Self—the source of true insight, ability, and joy. When does a date become a crime?

It happens when a man forces a woman to have sex against her will. An even when it involves college students, it's still considered a criminal offense. A felony. Punishable by prison.

So if you want to keep a good time from turning into a bad one; try to keep this in mind.

When does a date become a crime?
When she says "No." And he refused to listen.

Against her will is against the law.
