

This year's smartest students will graduate with a 2.4.

The 2.4-liter, 140-horsepower Nissan® 240SX™ is just what you need if you're ready to get out of school. Fast.

And its multi-link independent rear suspension makes the 240SX easy to handle along the way. (Of course, so

does the completely manageable sticker price.)

So if you're looking for a new car, come see the 240SX at your nearest Nissan Dealer.

It may not help you raise your GPA.

But it'll certainly help you get where you're going in the real world.

Built for the Human Race.

This advertisement is based on a concept submitted by Gregory R. Wright, Shippensburg University. Optional equipment shown.
