

that my work with these groups, as well as other groups, ranging from the Honors College to the Greek system, will give me needed access to an array of students' issues and opinions.

I am a great listener, communicator, and diplomat. I believe that the University students have a right to express their views. If elected, I would do everything in my power to serve the students, because I care that they are heard. Please vote for Bethany Strasburg for ASPAC. Thank you.

EMU BOARD (1-Year)

DESCRIPTION: The EMU Board is a 15-member committee consisting of students, faculty, and EMU staff personnel. It is responsible for making general policy decisions and long-range plans for all aspects of the operation of the Erb Memorial Union (EMU). The Board is responsible for allocating a \$3.7 million budget to programs and service areas and for allocating space in the 200,000 square-foot facility. The Board, of which students comprise the majority, also advises staff in the management and administration of the EMU. The stipend for a Board member is \$35 for 8 months.

CRAIG Y. NAMBA

The Erb Memorial Union was first founded to provide the students at the University of Oregon a place to center campus activities. I believe this ideal should

continue to be the purpose of the EMU; the Board and its subcommittees should always take this into consideration when making long-range plans for the Union.

As a Board member, it would be my intention to continue to assure the students at the University that the EMU will always be available to them as an activity center.

EMU BOARD (2-Year)

DESCRIPTION: See EMU Board 1-Year.

SCOTT H. DUNLAP

The EMU provides a wide range of programs for the students and staff at the U of O, from cultural development at the arts and crafts center and the Cultural Forum to unique programs such as the Child Care Center that many students depend on. The EMU Board members are responsible for allocating the budget for the EMU and all of its programs, as well as dealing with the use of office space, lobby space, etc. Most students are probably not aware that the EMU Board exists.

I am knowledgeable on how the EMU Board runs, and if elected, promise to serve to the best of my ability. I have had experience in budget allocation in my work with University Housing as a resident Assistant, in campus honor societies, and as a Finance major. I am willing to put in the necessary time to meet the diverse needs of all students through the EMU Board. Vote for Scott Dunlap.

GREG ENGLISH

In my opinion, student government's job is to protect students by providing check and balances for the Administration. The Erb Memorial Union Board Position is one that offers our Student Body a chance to be represented in EMU administrative policy making. Without a student representative the Administration would be left with, not only limited student input but an increased likelihood of making unfair policy.

It would be my job to sit on one of two committees. These are the house and budget committees which oversee everything from office space allocation to funding programs like the Craft Center, Child Care Center, Cultural Forum, and Outdoor Program. The responsibilities of managing the EMU for students and others on campus is critical if we are to maintain its comprehensive services and high degree of composure, creating a place to study or meet friends.

When elected to the EMU Board, I will help direct the EMU's policies and long range goals adeptly, practically, and affably. My main goal will be to continue to maintain the EMU's reputation as a student's place, and diligently try upgrading the services offered there. Your vote would be greatly appreciated. With warm regards, Greg English.

MARK T. WIEGER

As a host to the University of Oregon Campus the EMU was built to serve the student body. I have been one of the more approachable members of the EMU Board, making myself available to the students on an individual level. This was to encourage participation in the decisions that would affect all students utilizing every aspect of the EMU. I am currently sitting on the EMU Board, and hold the position of Chairman of the Emu Budget Committee.

I recently was appointed to the Student Administrative Board and am holding the position of consultant to the EMU Main Desk Store.

In this last year I have only scratched the surface in determining the cause of high costs of operations within the EMU. This next year I plan to explore new marketing strategies through advertising and promotions, in order to provide affordable products and services to the students. This would allow students to trade with the EMU at reasonable costs while increasing EMU revenues.

With our experience (yours and mine) as well as your support, we can strive to make positive changes that in the future will make a difference. VOTE MARK T. WIEGER FOR EMU BOARD!!!

STUDENT SENATE

DESCRIPTION: The Student Senate is an 18-member body whose members are elected for two-year terms on a rotating basis. Students are represented on the Senate according to their academic department or college. The Student Senate comprises one-third of the University of Oregon's Senate; the other two-thirds are faculty members. The Student Senate members are also full voting members of the University's General Faculty Assembly, which debates and sets general University policies. In addition, Student Senate members run the Information and Grievance Center in the EMU lobby, approve appointments, and help make up the ASUO Committee on Committees, which nominates students for more than 80
