triple jump at the Pac-10 meet with a wind-aided best of 53-11 $\frac{1}{4}$ and a non-wind-aided mark of 53-3 $\frac{1}{4}$.

Oregon's other NCAA entry is long jumper Latin Berry who has been an all-American the last three seasons in either the long jump or triple jump.

Berry won his third straight Pac-10 long jump title this year with a leap of

26-2 $\frac{3}{4}$ and will be seeking to improve on his school record of 26-8 $\frac{1}{4}$ set at last year's NCAA meet where he finished fifth.

Preliminaries will be held Wednesday and Thursday with semifinal and final rounds scheduled for Friday and Saturday.

Oregon entries competing today are Skipper, Berry and Wright in qualifying flights and heats and Lopez, Mestler and Van Schoiack in the steeplechase semifinals.

WOMEN

Continued from Page 12

The fourth Oregon athlete with experience is Rosie Williams. The junior sprinter failed to make the finals at the 1989 meet, but ran strong in the preliminary heats.

"She's got NCAA experience. She's certainly shown she can run with big people," Heinonen said.

William failed to break the automatic standard in the 200 meters of 23.28, but her time of 23.60 was good enough to surpass the provisional standard of 23.84. Heinonen is confident about Williams' chances.

"It's possible she could get her feet wet in the first rounds and make a run for the finals," he said.

Stephanie Wessell has come on this season to establish herself as a legitimate distance

threat. With Wilson leaving at the conclusion of the 1990 season, Wessell could not have picked a better time to rise to the occasion.

Wessell, a junior from Coos Bay, ran the sixth-fastest 5,000 in school history and the second fastest outdoor time this year with her 16:08.87 two weeks ago.

Wessell followed that performance with a victory at the Pac-10 championships in the 10,000 meters. More impressive was the fact that the meet marked the first 10,000 Wessell had ever ran.

Though she, like Wilson, has an automatic qualifying mark in the 5,000, Wessell will likely run the 10,000 at Durham.

"She's run 65 to 70 miles a week and her confidence is growing," Heinonen said.

The final NCAA participant for Oregon is also a strong can-

didate for the most improved Oregon women's track and field athlete in 1990.

Stephanie Smith has improved upon her personal record by more than 16 feet in the discus this year. Her toss of 171-9 was just shy of the automatic mark of 172-3, but it was good enough for a provisional standing and an NCAA bid.

Smith, a senior, holds on to a tie for the ninth-farthest throw in the collegiate ranks this year. Heinonen is confident about Smith's scoring chances.

"If she can duplicate that mark at the NCAA meet, she'll score," Heinonen said.

The NCAA championships kick off tomorrow with the preliminaries for several events. Thursday's action will continue with prelims, semifinals and the 10,000 final. The remaining finals are scheduled for Friday and Saturday.
