# Soccer team drops two matches

Oregon's Club Sports men's soccer team dropped two of three matches in the past week, but closed with a 3-1 win over Southern Oregon State College on Sunday.

Oregon lost its big game of the year Oct. 24 to Oregon State in Corvallis by a 5-0 score.

Coordinator Ansel Evans said Oregon State was already a much-improved team a few years ago and their performance now is "three times better than last year." Despite the score, Evans was pleased with his team's defense.

"OSU dominated the game with quickness, aggression and good passing," Evans said. "(We had) excellent goalie work by John Footman and a good defensive effort."

Oregon traveled to Bend last Saturday and lost to Central Oregon Community College by a

score of 3-2 despite goals from Sam Maccarrone and Skip Weintraub.

But the team rebounded Sunday against Southern Oregon; that win boosted their season record to 7-2-1.

Weintraub added another goal and an assist in the victory, and Evans and Josh Sisco also kicked in a goal. Cliff DeGroot also had an assist in the victory.

Oregon returns to action Sunday when it hosts the University of Idaho at the Southbank Field at 11 a.m.

The Club Sports hockey team

opens collegiate play Saturday when they host the University of Washington at Lane County Ice at 6 p.m.

Oregon opened its season last weekend with a 5-1 exhibition loss to the Eugene Blues, with defenseman Mark Liebert scoring Oregon's only goal.

Saturday's match with Washington is Oregon's first full-contact game after playing the Blues last Saturday.

This will be the second season that Oregon has had a Club Sports hockey team after coach Scott Brown founded the team a year ago.

Brown has six returning players with Kurt Giesler expected to play a leading role for Oregon. Liebert, a freshman, is also expected to have a big impact on this year's team. Brown said.

# We need someone with the confidence of a surgeon, the dedication of a marathoner & the courage of an explorer.

We have a unique opportunity for someone special. A chance to spend two years in another country. To live and work in another culture. To learn a new language and acquire new skills.

The person we're looking for might be an educator, forester, agriculture specialist or health worker. Or maybe a soon-to-be graduate specializing in the physical and life sciences, math, liberal arts, business, or a hundred other disciplines.

We need someone to join nearly 6,000 people already working in 60 developing countries around the world. To help people live better lives.

We need someone special. And we ask a lot. But only because so much is needed. If this sounds interesting to you, maybe you're the one we're looking for. A Peace Corps volunteer. Our representatives

will be pleased to discuss the opportunities with you.
