# For Marie Bell.

"I have viewed the University of Oregon from many perspectives; as a student, a faculty member, a coach and as an Oregon taxpayer.

To maintain a proper balance, every facet of a university must receive adequate attention; students, faculty and specialized departments. **Marie Bell** understands the need for balanced support within the university community rather than focusing on "pet projects." She knows tuition, class size, faculty salaries and accreditation must receive their fair share of the attention and funding.

I encourage you to vote for **MARIE BELL**, State Representative, District 41."
