Basketball teams sign recruits

Two more basketball players have signed letters-of-intent with Oregon.

The women's team has added Jessica Schutt, a high-scoring guard from Washington state while the men have inked John McFarland, a player who had originally signed a year ago, but couldn't enroll in school because of academic problems.

Schutt was a second team all-state selection last season for Sunnyside High School where she was the team captain and most valuable player. She averaged 17.7 points and 8.0 rebounds per game in leading Sunnyside to a 20-7 overall record and an eighth-place finish

in the AA state tournament.

The 5-foot-10 guard set a state tournament single-game scoring record when she tallied 35 points against Seattle Prep and also set a one-game record for field goal percentage at 86.7 percent by hitting 13 of 15 shots.

Schutt was a first team all-tournament selection and also set state tournament records for free throw percentage (85 percent) and scoring (88 points).

Meanwhile, McFarland was expected to sign with Coach Don Monson's team and did so last Wednesday, giving Monson four recruits already signed for next season.

downs before he suffered a season-ending ankle injury against UCLA. McCallum led the Ducks in scoring for the second straight season with 76 points. He made 14 of 17 field goals and all 34 extra point attempts.

Oregon had four players on the defensive second team as junior defensive lineman Matt LaBounty and Marcus Woods received recognition, as did sophomore free safety Eric Castle and freshman punter Tommy Thompson.

Receiving honorable mention recognition for the Ducks were seniors Scot Boatright (center), Todd Kaanapu (offensive tackle) and Joe Reitzug (wide receiver). Other Ducks receiving honorable mention were junior cornerback Daryle Smith, sophomore inside linebacker Joe Farwell and freshman running back Sean Burwell.

Washington running back Greg Lewis was named offensive player of the year while Arizona cornerback Darryl Lewis and Washington defensive lineman Steve Emtman shared the defensive player of the year award.

Three new ways to survive college.

The Macintosh Classic

The Macintosh LC

The Macintosh IIfx

With Apple's introduction of three new Macintosh® computers, meeting the challenges of college life just got a whole lot easier. Because now, everybody can afford a Macintosh.

The **Macintosh Classic** is our most affordable model, yet it comes with everything you need—including a hard disk drive. The **Macintosh LC** combines color capabilities with affordability. And the **Macintosh IIfx** is perfect for students who need a computer with extra power and expandability.

No matter which Macintosh you choose, you'll have a computer that lightens your work load without

giving you another tough subject to learn. Every Macintosh computer is easy to set up and even easier to master. And when you've learned one program, you're well on your way to learning them all. That's because thousands of available programs all work in the same, consistent manner. You can even share information with someone who uses a different type of computer—thanks to Apple's versatile SuperDrive™, which reads from and writes to Macintosh, MS-DOS, OS/2, and Apple® II floppy disks.

See the new Macintosh computers for yourself, and find out how surviving college just got a whole lot easier.
