EAS

**KNEES**, Reach into the clasped embrace of a sunrise cloud dance. Sweltering showers, entwined for hours. Fuchsia dreams of peaches and blossoms, mist tasting our lips and tender toes waltz in spring rain mirrors. I love you.

**Mo**, Will you still be my Valentine on February 22, 2000?  
Love, Jo

Down in the basement Along aisle three... is that my pen-man in a pony tail I see? If only I could brush up against him Like I do in my head. "Excuse me? Do you have any .05 mechanical lead?"

He leads me away To an "intimate" place, Between customer service And some display case. And I ooh, and aah And laugh wistfully "I walked right past this, Oh silly me!"

His eyes do sparkle My cover is shot. He knows this is the 23rd package of lead that I've got. We look at each other And as the clock ticks, He whispers, "It's see you, At a quarter past six."

And as I head up the stairs After seeing him once more I realize I'm spending Too much time at the Bookstore But I want him to know That I can't see him enough. I'm falling in love Isn't it love?

Wish you weren't at work today, Valentine. D.P. Let's get naked, yell NANAIMO!! then spoon. B.J.

I love you Pooch. Forever!  
Romeo, Shaw

My love for you is pure As pure as the clear blue drops of water that fall from the sky. How was it we found one another? Was it the smiles we shared together? However it was, we are together As our lives paths continue side by side may we know our love will never end. For you will forever be...

Hey, Cab, remember me? I'm the girlfriend you rarely see. So I'm quitting school, I'm quitting it all in order to be at your beck and call! I'll do all your homework, I'll take all your tests, I'll do your laundry and all the rest! And when people ask why, I'll just have to say, "because he was mine on Valentine's Day!"  
Have a good day nerd. Love, Wendy
