Little Caesars

SUMMER HOURS: NOON TO 11pm DAILY

Environmental Awareness Workshops

Summer Session 1991

OREGON TIDAL LANDS AND ESTUARIES—AUGUST 9, 10, 11
Fee: summer session tuition plus \$25 travel, 2 credits (LSS 408/508)
Participants will visit the South Slough Estuary to study the valuable resources contained within Oregon's tidal lands. Some of the most productive areas on earth are where fresh water and salt water meet. The tidal action stirs and mixes this nutrient-rich medium and life abounds. This is an exceptional field-lab site.

HIGH LAKES—AUGUST 16, 17, 18
Fee: summer session tuition plus \$25 travel, 2 credits (LSS 408/508)
Waldo Lake is the location for study of some of the most pure bodies of water in the world. The Oregon high country provides a field-lab second to none. Participants will travel by boat on Waldo Lake where visibility is at least 100 feet in depth. The variety of plants and animals of this region, blended with its history and geology, create an environmental study paradise.

REDWOODS—SEPTEMBER 5, 6, 7, 8
Fee: \$225 plus \$50 travel, 3 credits (LSS 408/508)
This workshop uses the Redwood forests of the southwest Oregon coast as a field-lab. The diversity of life here triggers the inquisitive mind. It is a place where it's easy to feel small. Study will include the use and management of these forests, blended with concepts and relationships involving controversial issues.

MALHEUR-STEENS MOUNTAINS—SEPTEMBER 18 TO 22
Fee: \$225 plus \$50 travel, 3 credits (LSS 408/508)
This workshop is an introduction to Oregon's southwest corner. This country demands respect and is an excellent study area, full of history, wildlife and geology. Spring flowers are blooming near the snowfields as we drive on the highest road in Oregon.

To Register: Drop by Oregon Hall and sign up for workshops at the Registrar's office or call 346-3537 for more information.
