

THINK ABOUT WHAT YOU'RE THROWING AWAY

About a year ago, we at Pegasus noticed that the amount of paper cups we were using was astonishing. We have since changed to a washable cup and found that our dumpster is about $\frac{1}{3}$ less full. This brought us to recognize the enormous amount of waste paper that is tossed in dumpsters and ultimately into landfills.

ONE OF THE BIGGEST CONTRIBUTORS TO THIS WASTE IS PIZZA BOXES.

On campus alone, we estimate hundreds of thousands of pizza boxes are thrown away.

How much land fill is that?

How many trees?

How much energy to produce?

YOU NOW HAVE AN OPTION.

Bring in any pizza box from your stash and we will fill your pizza-to-go order in your reusable pizza container — that's any pizza box, not just ours — and we will take 25¢ off the price of your pizza.

NOT ONLY WILL YOU HELP THE ENVIRONMENT, YOU WILL GET A QUARTER BACK!

We must reserve the right to refuse to refill pizza boxes that we deem too funky.
(our estimation)

**CREATING GOOD FOOD
MAKING GOOD SENSE**
