Dirt cheap.

Seriously. Compare the features of the Titan High Chaparral 26" mountain bike and a big time bike shop price may come to mind. Forget it. A real value still rides. And this is it. Two wheels good, 21 gears and a 5-year

guarantee on the Titan frame. Some things are worth keeping up with. But price isn't one of them. So if you're going to buy a mountain bike, be smart about it. Check out the Titan at your nearby Fred Meyer.
