Deadline for submitting *Et Als* to the Emerald front desk, EMU Suite 300, is noon the day before publication. *Et Als* run the day of the event unless the event takes place before noon.

Notices of events with a donation or admission charge will not be accepted. Campus events and those scheduled nearest the publication date will be given priority. The Emerald reserves the right to edit notices for grammar and style.

HIGHER EDUCATION UPDATE

Librarian to haul home books

The Knight Library will soon see the return of its share of more than \$5 million in stolen rare books and manuscripts discovered a year and a half ago in the Ottumwa, Iowa home of Stephen Blumberg.

Frasier Cocks, curator of the library's Special Collection, said the FBI informed him Wednesday morning that all identified materials, about 80 percent of the total, will be released to the proper owners.

Cocks said he plans on flying to Omaha, Neb., on Nov. 4 and renting a moving truck to haul the books and documents back.

"If anybody's going to land them in a ditch after all this time, it's going to be me, not an airline or a moving company," he said.

Cocks said about 95 percent of the University's stolen books and manuscripts are accounted for. The total value of the loss is \$662,000.

Fascism conference slated for April

Fascism is the subject of an interdisciplinary graduate student conference planned for April 3-4 at the University.

Graduate students from the English, German and Comparative Literature departments are organizing the conference — the first time that University graduate students have formed a committee to organize a conference specifically geared toward graduate students.

The committee is planning to invite two speakers to the conference, one to establish the historical frame of European fascism, and another to explore fascism in a broader sense.

The prime choices at this stage in the planning are either George Mosse, author of *Nationalism and Sexuality*, or Claudia Koonz, author of *Mothers in the Fatherland*, for the first speaker; and Edward Herman, writer for *Z Magazine*, or Trinh Minh-ha, author of *Woman Native Other*, for the second speaker.

For more information, leave a message at 346-3034 or 485-7545.

What should go in library capsule?

Next fall, after the construction of the Knight Library addition and before the renovation of the original building, the library will install a time capsule at the base of the Solari

South Stairway and Gallery.

The capsule will celebrate the end of construction and commemorate the old library, containing items that record for future library users the image that library users and employees had of the Knight Library in 1992.

Before the capsule can be installed, the library needs suggestions and ideas about what people think about when they think of the library.

Suggestions can be dropped in the suggestion box on the first floor of the Knight Library, or mailed to Karen Darling, Serials Department, University of Oregon Library, Eugene, OR 97403-1299.

Higher-ed panel picked

A panel to examine the Department of Higher Education's administrative costs and structure of its administrative support systems has been appointed by George Richardson, Jr., president of the Board of Higher Education.

Citizen members of the Board Administrative Review Committee are Dan Terpack, General Manager of Hewlett-Packard; Gerry Thompson, vice president for marketing, Blue Cross Blue Shield; Jon Yunker, director for business services, Salem-Keizer School District; Y. Sherry Sheng, director of Metro-Washington Park Zoo; Phil Bogue, retired Portland business executive and Sue Naumes, secretary-treasurer of Naumes Inc.

Board of Higher Education members Janice Wilson, Mark Dodson and Rob Miller also have been appointed to the panel. Miller will serve as committee chair.

"The Board of Higher Education has a strong commitment to conduct a thorough review of its administrative costs and structure of State System administrative support services," Richardson said.

The panel will report its findings and recommendations to the full Board of Higher Education by mid-1992.
