Deputy marshal hit by his own partner

PORTLAND (AP) — A deputy with the U.S. Marshal's Service fired two shotgun blasts at a fleeing bank robbery suspect and ended up hitting another deputy Sunday afternoon, authorities said.

Deputy U.S. Marshal Larry Kelley said the gunshot injury was not serious and Robert Brodala, 42, of Portland, was arrested for violation of a parole on a bank robbery conviction.

Five FBI agents and four U.S. Marshal's deputies had staked

out a northeast Portland house and waited for Brodala. He pulled up in a car at 4 p.m., Kelley said.

He said Brodala tried to run over a deputy. That deputy fired two shotgun blasts and ricochets from the gunfire hit another deputy in the lower leg.

A loaded 9mm pistol was found in his car, Kelley said.

The injured deputy was hospitalized in fair condition.

Nobody else was injured.

TRIBE & CALLED
QUEST

Be a paid volunteer and get a free check-up.

Try a totally new form of feminine protection.

We are participating in the clinical trial of a new menstrual protection product. Developed to be more comfortable, more convenient, and more effective than traditional methods of menstrual protection, you may want to try this new product yourself, for 3 months, free of charge.

To be eligible, you must be 18-55 years of age and have regular periods. As a participant in the trial you will be paid \$50 per visit (for up to four visits), and receive a free physical examination (including pap smears).

The number of participants is limited, so call to ensure you're included, don't delay. Please call:

Environmental Awareness Workshops • Fall Term 1991

OREGON FORESTS — NOVEMBER 22, 23, 24

Fee: \$150 plus \$20 travel • 2 credits (LSS 408/508)

This workshop will provide a close-up look at the environment with an opportunity to study the relationships, concepts and variety that are present in Oregon's forests. Participants will gain a better understanding of the plants, history and geology of Oregon's forest lands.

RISK AND LIABILITY — DECEMBER 6 AND 7

Fee: \$75 • 1 credit (LSS 408/508)

This workshop is designed for guides, leaders and recreation personnel who deal directly with risk and liability issues. The workshop will cover areas such as standards, negligence, adventure recreation, protection issues, insurance choices and purposes, litigation, risk reduction, permission and release forms, accident reduction insurance, and contracts and contracted services.

NORTH COAST — DECEMBER 18 TO 22

Fee: \$225 plus \$50 travel • 3 credits (LSS 408/508)

Investigate the tidepools and headlands of the Oregon Coast. This workshop covers history, concepts, recreational uses, plants, animals, and the relationships which create the delicate web of this coastal environment. This workshop creates a unique opportunity for learning as we spend four days and three nights at the field-lab site. Study will take place in several environments, including, dunes, beaches, estuaries, tide pools and the coastal bush. History, geology, geography, plants and animals will be investigated, all with concern for their interrelationship with the environment.

To register for any of these workshop or for more information, stop by the UO Continuation Center at 333 Oregon Hall or just call
