

provides a refund for students who do not use the service.

Therefore, (pick only one):

A. Shall students pay \$5.50 per person, per term for unlimited use of the LTD and discontinue the right of students to obtain a refund (\$8.25 Law students)? This would provide approximately \$259,900 per year for the service.

B. Shall students pay \$5.70 per person, per term for unlimited use of LTD, and continue with the right to obtain a refund (\$8.55 Law students)? This would provide approximately \$259,900 per year for the services. (This increase in the fee subsidizes the refund program.)

### Ballot Measure #3

OSPIRG is a statewide, student funded and student directed organization that for twenty-one years has actively involved UO students in environmental and consumer issues, voter registration, renter's rights, hunger relief, and internships. Do you support the continued existence of a UO OSPIRG chapter to be funded at a rate which reflects \$2.50/student/term? (A total of \$112,750)

### Ballot Measure #5

Shall the mandatory incidental fee assessed each student (\$103.00 per term) be discontinued?

The IFC funds programs including the EMU, ASUO government, other student organizations, and the athletic department.

This measure would not preclude the establishment of a voluntary system.
