

COOKIE

Continued from Page 1

do the plumbing job in her garage for free, Cookie said officials have told her that won't work because her garage-kitchen is attached to her house.

Coots said he sympathizes with Cookie's case and recognizes the inflexibility of the law, but said there is little he can do.

"You can take almost any rule we have and find exceptions out there to make it look like a stupid rule," he said. "(But) I don't have the flexibility to make the rules."

But wherever her hot dog cart may take her, it's clear Cookie has a loyal following that doesn't seem concerned about her lack of a legal kitchen.

Dave Gibson, owner of Kinko's Copies on 13th Avenue, calls her "one of the hardest working people I know. I see her when it's blowing and raining. I like her value system and I support her."

Mitch Caldwell, a student

Photo by Andre Ranieri
Judy "Cookie" Szakacs, who has operated her hot dog cart at 13th Avenue and Kincaid Street for 12 years, may soon be out of business.

who has bought hot dogs from Cookie for four years, said the "whole nature of the business excludes stuff like" bathrooms in a kitchen.

"It's quick, it's handy and the price is right," Caldwell said. Moreover, another student rushing off to class with a hot dog in hand said, "I just want a hot dog."

After her 120-day license expires, Cookie said she will keep selling although "I'll probably get a lot of fines in doing it."

People have been supportive of her, she said, which is why she wants to keep selling. "That's why I want to stay," Cookie said. "Believe me, it's not the money."

HIGHER EDUCATION UPDATE

Professor to speak about sociology for women

Dorothy Smith, professor of sociology in education at the Ontario Institute for Studies in Education, will present a public lecture titled "Reaffirming a Sociology for Women," at 3:30 p.m. today in the EMU Gumwood Room.

Smith is a visiting professor at the Center for the Study of Women in Society and in the Department of Sociology during winter term.

Smith's work focuses on developing a sociology for women, beginning with a fundamental critique of the conceptual practices of the social sciences. She is widely recognized as the leading feminist theorist in North American sociology.

Friendship Fund to grant tuition scholarships

The Japanese-American Friendship Fund will provide spring term tuition scholarships to two Americans speaking the Japanese language. Raised by the University Alumni Association of Japan, the fund is to assist students who will be able to make contributions to improve American-Japanese relations.

Academic excellence and financial need will be the criteria for selecting the scholarship grantees. Any student who wishes to apply for this scholarship should pick up an application form in the office of the Department of East Asian Languages and Literatures, Room 308 Friendly, the deadline for applying is Jan. 31.

State continues scholarships for minorities

The Oregon State System of Higher Education plans to continue its Underrepresented Minorities Achievement Scholarship Programs for freshmen and juniors in the 1992-93 school year.

The purpose of the current minority programs is to encourage and assist underrepresented students of color to enroll in state system colleges and universities.

Underrepresented students include African-American, Alaskan Native American and Hispanic-American students.

The UMASP scholarship, worth about \$2,500 per year, is renewable for up to five years for the freshman program and three years for the junior program. Students must be Oregon residents, eligible for regular admission and demonstrate academic merit and achievement.

Applications for the freshman program are available at high school counseling offices, and have a March 1 deadline. Applications for the junior program are available at community college counseling offices or the admissions office at the school the student is applying to, and have a May 1 deadline.

ET ALS

MEETINGS

The Study Abroad in Ecuador will have an informational meeting today from 3:30 to 5 p.m. in EMU Cedar Room B. Call 346-3207 for more information.

OUR WORKSTATIONS HELP YOU MASTER EVERYTHING FROM MATH TO SCIENCE TO MUSIC. BUT COME FEBRUARY, OUR DISCOUNT WILL BE HISTORY.

NeXTstation™ computers are extremely fast and powerful workstations. But you'll have to be fast yourself to take advantage of our special holiday savings, because they end January 31st.

Even without savings, the price/performance of these workstations is unequalled anywhere in the industry. They offer features like an easy-to-use graphical interface, 8MB of RAM, enormous disk storage, a standard UNIX® operating system, true multi-tasking, and a 15MIPS CPU. They also have built-in Ethernet networking, a large

monitor with true display PostScript® and a built-in DSP chip for CD-quality sound.

They're ideally suited to every kind of academic work - from computation-intensive math and science projects to report writing, complicated research, in depth analysis - and yes, even composing music.

That's partly because the best versions of many industry-leading software products are the ones written for NeXTstations. These products include WordPerfect®, Adobe Illustrator®, Lotus® Improv®, Soft PC®, and a great many more. *Mathematica®*, the acclaimed numeric-processing software, is even included free.

Given all this, about the only way we could improve the price/performance of a NeXTstation is to make the price lower. Which is just what these special savings do.

We recommend you visit your campus reseller today - before this offer becomes ancient history.
