

*Software Test Engineers
Full-time and Summer Positions*

Help yourself to a great career.

You were born to create.

To engineer inspired solutions to challenging problems. And now you're hungry for a career that lets you indulge your penchant for innovation.

Relax. Microsoft has the formula for your success.

From day one we give you room to grow. And contribute. With no obstacles. No buttoned-down mentality.

As a Software Test Engineer you will analyze systems or applications software requirements, then generate test scripts to validate them. Design, develop, execute, and document

software tests using sophisticated hardware and software testing tools. Assist your product team by finding bugs and contributing design suggestions.

If you are pursuing a Bachelor's or Master's degree in Computer Science, Electrical Engineering, Math, Physics or a related discipline and you consider impacting the future to be your birthright, come talk with us at our On-campus Interviews. We look forward to nurturing your ambition.

We are an equal opportunity employer and are working toward a more culturally diverse workplace.
