POLICE BEAT

The following incidents were reported to the Office of Public Safety and Eugene police department from February 5-12.

• An 18-year-old Watson resident was taken to Sacred Heart General Hospital on Feb. 7 after a fight with a Phi Gamma Delta member, according to police reports. The man had a black eye and a possible broken arm. Police suspect the fight is linked to a prior incident.

About a month ago a group of Phi Gamma Delta fraternity members walked into the Watson dorm, according to police. Some of them were drinking

beer. The dorm's resident assistant told them to pour out their beer and all except a 19-year-old man complied. The R.A. described this man as "argumentative." The 18-year-old Watson resident told the man to cooperate with the R.A.'s request. The man complied but seemed upset with him for getting involved, according to police.

On Feb. 7 the Phi Gamma Delta member and the Watson resident seemed not to recognize each other at first and even shook hands. However, they soon began arguing and pushing each other. Phi Gamma Delta members attempted to pull the men apart.

• A 39-year-old man was caught trespassing on the University campus Feb. 10, according to police reports. The Office of Public Safety gave the man a letter of trespass on Oct. 6, 1991.

On Feb. 10 a University student saw the man leave a stack of about 50 pieces of paper on

the desk of the JSU's president. The student said the man stayed in the area for an undetermined amount of time and was acting strangely.

On the pieces of paper was written "Kill Jews: Whoops! We mean Zionists." The JSU's president told police the man had harassed JSU members on several occasions.

• A case of reckless burning occurred in Gilbert hall on Feb. 11, according to police. An officer was dispatched to Gilbert after a fire alarm was activated.

The officer found a lot of smoke coming from the second floor women's bathroom. Inside the bathroom was a plastic trash can partially melted at the bottom. The trash liner was also melted at the bottom. The officer found cigarette ashes on the ledge of an open bathroom window. The damage was \$20.

A 37-year-old Gilbert resident said last week she could smell cigarette smoke coming from the bathroom.

ELIGIBILITY FOR AWARDS

ERSTED AWARD FOR DISTINGUISHED TEACHING

The late Mr. A. J. Ersted established the Ersted Award for Distinguished Teaching so the University of Oregon could annually honor faculty members who have taught comparatively short periods and have demonstrated exceptional abilities to induce students to reason and not merely memorize.

The Ersted Awards can go only to faculty who are in their first seven years of university teaching. This teaching may occur at the undergraduate or graduate levels.

BURLINGTON NORTHERN FOUNDATION FACULTY ACHIEVEMENT AWARD

The generosity of the Burlington Northern Foundation has enabled the University of Oregon to honor a senior faculty member who has achieved an outstanding record as a teacher.

This award can go only to a faculty member who has held academic rank for at least seven years and who has demonstrated excellence in teaching at undergraduate or graduate levels.

The 50th Anniversary of Executive Order 9066:
The Internment of Japanese-Americans
**"A Personal Matter:
Gordon Hirabayashi v. The United States"**

Special guest, **David Frohnmayer**, Dean of the University of Oregon Law School, will present this new documentary produced by the Constitution Project. This moving story reveals the commitment of one individual to the principles of the American Constitution — and his 43-year struggle to prove to the courts that his wartime conviction for violating the internment order was unjust. It tells how the U.S. Government lied to the Supreme Court in order to relocate Japanese-Americans and kept the truth from the American people in order to gain President Roosevelt's re-election. This documentary is narrated by National Public Radio's Scott Simon and will premiere nationally on PBS this fall.

Monday, February 17, 1992
at Willamette Hall 110, 7 p.m.
