Senate to confirm new VP

ASUO vice president at 5:45 in room 215 Allen Hall.

ASUO President Jennifer Bills refused to disclose her vice presidential appointee Monday.

An ASUO official said Bills will appoint Incidental Fee Committee member Priscilla Warren to the position. However, there has been no official announcement from the ASUO Executive.

If confirmed by the senate, Bills' appointee will replace former ASUO Vice President JoSonja Watson whose resignation goes into

### **ELIGIBILITY FOR AWARDS**

#### ERSTED AWARD FOR DISTINGUISHED TEACHING

The late Mr. A. J. Ersted established the Ersted Award for Distinguished Teaching so the University of Oregon could annually honor faculty members who have taught comparatively short periods and have demonstrated exceptional abilities to induce students to reason and not merely memorize

The Ersted Awards can go only to faculty who are in their first seven years of university teaching. This teaching may occur at the undergraduate or graduate levels.

#### BURLINGTON NORTHERN FOUNDATION FACULTY ACHIEVEMENT AWARD

The generosity of the Burlington Northern Foundation has enabled the University of Oregon to honor a senior faculty member who has achieved an outstanding record as a teacher

This award can go only to a faculty member who has held academic rank for at least seven years and who

## Fireball grabs attention of Coos Bay residents

A fireball fell out of the sky with Monday, and people reported it appeared to come down somewhere south of Coos Bay-

"An extremely bright flash was seen, and also a trail of sparks. And at least one sonic boom was reported and a lot of strange sounds," said Dick School in Portland, Pugh is a stitution network that gathers

"Nobody at this point knows what it was," said Petty Officer Michelle Kennedy from Coast Guard Group North Bend, "We suspect it was a meteor."

Coos Bay Police Officer Mike Riensche saw the fireball and the Bunker Hill area south of the city, but couldn't find it, said dispatcher Michelle Kirby.

A woman in Coos Bay called police and reported her house shook when the object fell, Kirby added Pugh said what she lelt was the sonic boom created by the meteor hitting the atmosphere at about 40 times the speed of sound.

Pugh said there are generally one or two reports a year of freeballs producing sonic booms, and this was the first he'd heard of this year.

Pugh said if he got enough

eyewitness reports to plot a possible position, he would go to Coos Bay this weekend to try to locate a fragment of the me-
