

I'm at home watching the news

"... asks me what I'm doing. I tell her, '... watching the news.'"

Then I hear
... noise.

and I didn't miss a thing

I made it

I had to get back

... the sports
... when I hear the sportscaster

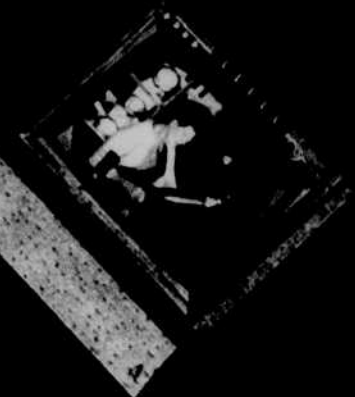

I just get to ...

... ports will be out soon

But there's no time to waste

Then that weird Bud commercial comes on

... my best friend

... practicing right now

I'll be able to play better than she does

Anyway an ice-cold Bud would sure hit the spot
