### Lee/Fore

I am writing to let students of this campus know that the people of Project Saferide endorse Bobby Lee and Karmen Fore for ASUO president and vice president.

They have worked hard this year to create an environment in which issues of safety are supported. In the fall, during the controversial complaint against Saferide, Lee and Fore helped mobilize student sup-

port. They helped communicate to the entire campus the importance of women's safety with activities such as organizing press conferences and posterings. They have pro-actively minimized violence by encouraging dialogue about sexual assault, racial tension and hate crimes.

Their plans for next year will be built upon the network already established this year and will thus be more effective than

other candidates. Saferide will work closely with Lee and Fore on such projects as initiating better campus lighting, the "Peace Keeper Program" and seminars during EORP.

By voting for Lee and Fore, you are voting in safety for all students and, thus, a more stable learning environment.
