CREATIVE LOVE 2010

This is the title of a film I have come to Eugene to finish writing and to get produced. This is a nonprofit project that will portray a powerful set of well-researched ideas as being a solution to the problems of war, poverty, overpopulation, and religious intolerance. It will show global civilization transforming into "Amala" (pronounced AH-MA-LA) - a stable World Peace of harmony with ourselves and the planet - before the year 2010, through an "Amalious" combination of technological innovations (with a focus upon personal computer network, Bulletin Board System, and "Cultural Geography Graphics" innovations), the worldwide formation of millions of extended family units called "octets" (as per the recent book *Creative Transformation*) as a way to both stabilize economies and cure social isolation, widespread international marrying (with governmental awards), "Group-hugs", "Tour-hugs", and a globally derived and adopted small set of wonderfully inspiring new words and expressions. This film is meant to be both an antidote for despair and a realistic exploration of agape-love's possibilities for a stressed-out world. Interested persons write: Bruce Opal, 1430 Willamette, #189, Eugene, OR 97401, USA. Aloha
