

It's also hard to believe
that you get free software when
you buy HP 48 calculators.

There's a lot more than a great calculator waiting for you when you purchase an HP 48SX or an HP 48S between June 1, 1992, and October 31, 1992. You'll get a bonus book that's good for free software, a free PC link

cable and hundreds of dollars back on applications – like electrical and mechanical engineering – memory cards, training tools, games, and HP's infrared printer.

It's a really big offer. Worth more than \$500. And it's going to make your HP 48 calculator even more valuable to you. The free serial cable lets you exchange information with your PC. And the free software disk lets you enter and plot equations easily, do 3D plotting, and analyze polynomials.

Beyond all the bonuses, you'll have the right calculator for your most challenging classes. HP 48 calculators have over 2100 built-in functions and offer a unique combination of graphics and calculus.

Head over to the campus bookstore now. After all, you don't see this kind of deal every day. HP calculators. The best for your success.
