Health insurance office makes move from EMU

The health insurance office has moved from the EMU to the Student Health Center to make the process more convenient for students and to give the ASUO that much less paperwork to deal with.

ASUO Vice President Karmen Fore said the Student Health Insurance Committee will still make health insurance policy and carrier decisions, but the health center will handle the paperwork.

"We're hoping it will be a positive move for the students," Fore said. "The bottom line is what's best for them. As it is now, we have people going back and forth between the EMU and the health center for insurance."

SHIC is made up several student members appointed by the ASUO. Anyone interested in applying can contact the ASUO at 346-3724 or stop by EMU Suite 4.
