The College Experience is...

1. Having your worst haircut and a stupid expression preserved for 4 years on your student identification card.
2. Trying to register for classes, followed by waiting forever in the bookstore checkout line. (Also see "*Russian Breadlines*" and "*Preparing for the Unemployment Office.*")
3. Memorizing the last possible day to "drop" a class or switch it to "pass/fail." (Also see "*Creatively Preserving Your G.P.A.*" and "*The Importance of Phys. Ed!*")
4. Placing collect phone calls to Mom and Dad to ask for money and care packages. (Also see "*Sucking Up - How to Communicate With Your Parents.*")
5. Strategically visiting every fraternity or sorority "Rush" party on campus. (Also see "*How to Eat and Drink for Free and Be Treated Like Royalty... Until You Pledge!*")
6. Accepting the fact that a "D" in Freshman English is comparable to an "A" in Nuclear Physics. (Also see "*Intercepting The Mail Before Your Parents Get Your Grades.*")
7. Identifying new and mysterious dorm food concoctions. (Also see "*How to Survive on a Diet of Starch, Dessert & Chocolate Milk!*")
8. Washing whites and colors together in hot water, and stuffing the laundry machines beyond capacity. (Also see "*Fashion Statements for the 90's.*")
9. Dozing off during boring lectures, especially after lunch. (Also see "*Deciphering Your Own Handwriting.*")
10. Surviving a year with "The Roommate from Hell!" (Also see "*I'm O.K., You're Not!*")
11. Pulling your first caffeine-induced "all-nighter" while cramming for mid-terms, and "hitting the wall" the next morning.
12. Answering final exam essay questions which usually begin, "*Compare and contrast...*" (Also see "*The Art of BS: Saying a Lot - Saying Nothing!*")
13. Meeting someone, going out, breaking up, meeting someone. (Repeat this sequence for the next 20 years.)
14. Sitting out in the freezing rain on a bad blind date at a lopsided football game, and wondering why! (Re-read #13.)
15. Admitting that you really might just be sick enough to almost think about going to the campus health center. Nah!
16. Telling stories about how you spent your "Spring Break." (Also see "*Lying to Impress Your Friends.*")
17. Celebrating your 21st birthday, and later asking, "*How Did I Get Home Last Night?*"
18. Changing your major 3 times to avoid "taking a language."
19. Graduating, and finally understanding Einstein's "*Theory of Relativity*" - 4 years equals 4 minutes.
