The following incidents were reported to the Office of Public Safety and the Eugene police department from Oct. 20-27.

• A University student reported a burglary of an apartment on Oct. 22. A CD player, 50 CDs, a remote control and two jackets were taken when someone crawled through a bedroom window of the student's apartment on the 1000 block of Alder Street. The missing items are valued at \$1,634.

• A University student reported a criminal trespass on Oct. 23 after two men came into her apartment on the 400 block of East 12th Avenue. The two suspects took a key ring and a five-pound pumpkin from the apartment, but left both the items outside the front door. The woman said she woke up and found the men in her apartment. She said the men appeared to be intoxicated. According to police reports, the men were in their 30s or 40s and were wearing several layers of dark clothing.

• The University reported a theft of about \$500 in change from parking meters between the 1300 and 1500 blocks of Kincaid Street on Oct. 23.

• A University student was cited for false swearing on Oct. 23 when he gave false information about where a keg was going to be consumed. The police seized the keg after finding it on the 700 block of East 16th Avenue.

• Two University students were arrested for their roles in a party on the 1800 block of High Street on Oct. 23. One student was arrested for furnishing alcohol to minors and the other was arrested for false swearing. The first student was arrested the night of the party when police, who were responding to a noise disturbance, checked the identification of some students at the party. Police determined that minors were being served,

according to police reports.

The student arrested for furnishing alcohol claimed the five kegs were his and that he had bought them in California. Police reports said the police determined the kegs were purchased in Oregon and that the identification tags had been removed from them. The police seized the kegs.

The second student, who actually purchased the kegs in Eugene, turned himself in on Oct. 25, according to police records. He was arrested and charged with false swearing because he had given false information about where the kegs were going to be consumed.

• A 22-year-old man was arrested for the theft of a car stereo and 12 frisbees on Oct. 26. According to police reports, the man is accused of stealing the items from a man he had been out drinking with.

The victim, a 21-year-old man, said he and the suspect went to Taylor's College Side Inn on Oct. 24, where they both got intoxicated, according to police reports. The suspect stole the items after the two returned to the victim's home. The victim woke up and found his car broken into and his stereo and frisbees removed.

The victim found the suspect on Oct. 25 and confronted him about the theft. According to police reports, the victim said the suspect claimed that he sold the stereo and the frisbees and that he would reimburse the victim. The victim said he accepted the proposal.

The two then went out drinking again the night of Oct. 25 and returned to the victim's house afterwards. The victim called the police after he woke up and found that the suspect had left the house without paying the victim, according to police reports.
