

HELP SAVE THE ENVIRONMENT AND GET ALL THE CREDIT.

GET OUR CARD AND WE'LL PLANT A TREE. Open a new MasterCard® college student account in November or December, and we'll plant a tree. It's all part of "Forests For Our Future," MasterCard's effort towards preserving our environment. Each

FORESTS FOR OUR FUTURE

tree will be planted on public lands through Global ReLeaf, a national program sponsored by American Forests, the nation's oldest non-profit conservation group.

WHAT IF I ALREADY USE MASTERCARD? Dozens of your favorite catalogs are also involved in our "Forests For Our Future" program. Just charge each catalog order to your MasterCard card, and you can have a tree planted. Call 1-800-332-1214 to learn which catalogs are part of the program. It's never too late to help save our environment. So, if you don't already have MasterCard, apply today. And, if you do have one, use it. No other card is more widely accepted at home and abroad. It's the only card you need. **MASTER THE MOMENT.®**
