TC Newswire

"Thanks for letting me see the prototype of Tomorrow's Comics. It was very nicely done and entertaining to read."

Mort Walker
Beetle Bailey, Hi & Lois

"I think it is a terrific idea. I'm happy to see an outlet for all the creative cartoonists out there who have yet to be discovered."

Jim Davis
Garfield

"What a wonderful opportunity for people starting out and for those who've had ideas for years, but never the push needed to get them going. Bravo for taking the risk that's needed to put new talent in print."

Lynn Johnston
For Better or For Worse

"I enjoyed your prototype issue... and thoughtful comments in the included strips. I know how much the contributors appreciate having their work published!"
