

EUROCENTRES

LEARN A LANGUAGE, LIVE A LANGUAGE

Founded in 1960, Eurocentres is a not-for-profit organization which has 28 language centers in nine countries. Over 300,000 young people from all over the world have participated in these programs. The Eurocentres approach is to teach a foreign language in the country where the language is spoken. The objective is to teach you listening, speaking, reading, and writing skills in the practical everyday language of the people. Courses at language centers are challenging and are intended for the serious language student!

STRUCTURE AND ELIGIBILITY

Anyone age 16 or older can take part in Eurocentres programs regardless of educational background, occupation, or nationality. In most centers, Europeans make up the majority of students. There are programs for beginning, intermediate, and advanced speakers; there is even a refresher course for non-

native teachers to brush up on language skills and learn the latest foreign language teaching techniques. Students are separated at the start of the course according to their proficiency level and are monitored closely throughout the program. Upon completion of the program, an evaluation and certificate of completion are given to each student.

LOCATIONS AND TIMES

Eurocentres programs are available from 2 to as many as 13 weeks. Sessions are offered year round in an intensive (morning and afternoon classes) or on a holiday (morning only) basis. French is offered in Paris, La Rochelle, and Amboise, France and in Switzerland, in Neuchâtel and Lausanne; Spanish in Madrid, Barcelona, and now in Salamanca, Spain;

German in Weimar and Cologne, Germany, and in Lucerne, Switzerland; and Italian in Florence.

Japanese!

From May to October, 1993, six courses (four weeks each) will be offered in Kanazawa, Japan. Minimum age 18.

Russian!

Eurocentres is pleased to offer Russian language courses in its newest location in Moscow.

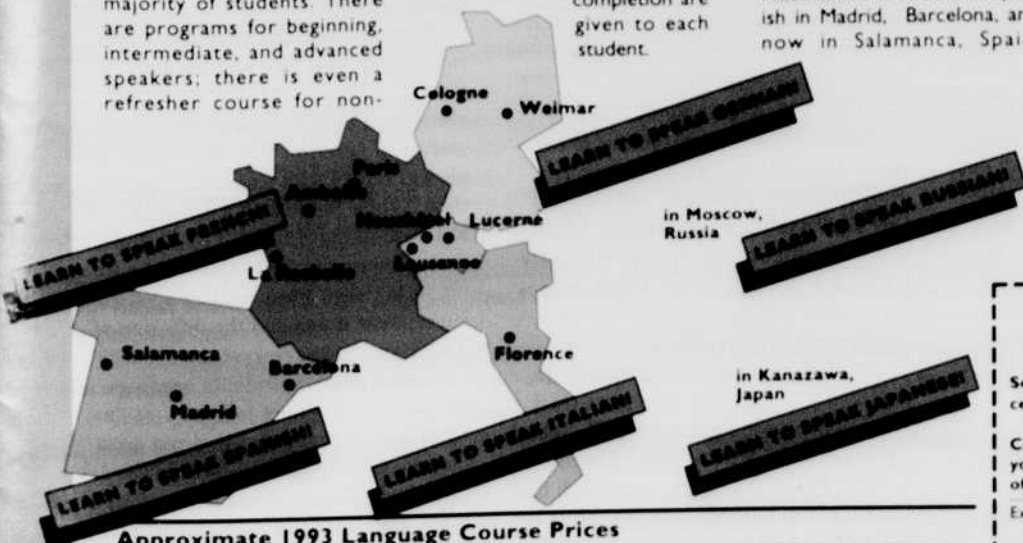

ACCOMMODATIONS

Eurocentres recognize that feeling "at home" in a foreign language environment

is a valuable component to the program, so for each center accommodation can be arranged with families (where English will not be spoken)! These homes are selected by strict standards and most students opt for this form of accommodation. Of course, if you prefer, hotel accommodation can be arranged or you can choose tuition only if you have a place to stay.

Tips

- Many universities offer some form of credit for participation in Eurocentres. Ask your advisor!
- Take advantage of the optional excursions available at minimal cost while at Eurocentres.
