

# SACRED CLOWNS

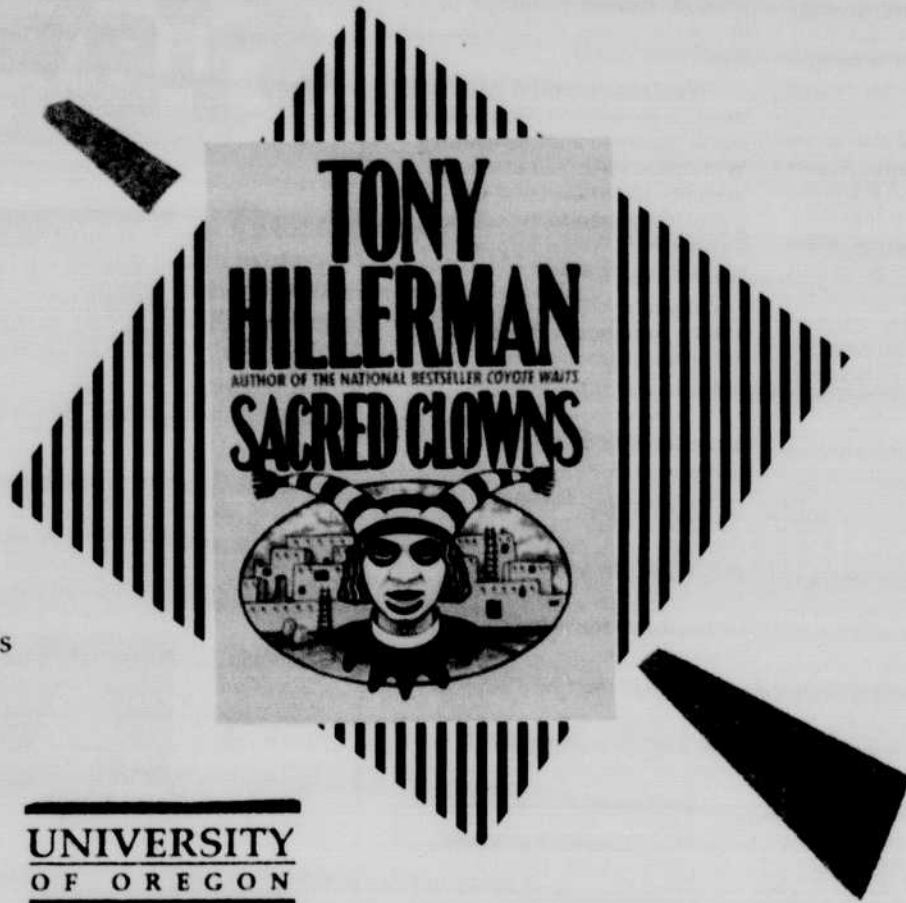

by Tony Hillerman,  
author of *Coyote Waits*

## *Sacred Clowns,*

Hillerman's long-awaited new novel reunites Navajo Tribal Policeman Joe Leaphorn and Jim Chee in an effort to unravel a treacherous web of tribal politics and murder.

It brims with subtly drawn personalities, revealing glimpses into proud ancient cultures, crystalline evocations of the Southwest's stark beauty, and taut yet lyrical prose. It is, simply, Tony Hillerman at his best.
