The University of Oregon's Review Workshop for the MCAT Medical College Admission Test

For the seventh year this spring, the University of Oregon will offer its comprehensive review workshop for the Medical College Admission Test. This program, developed by the University to assure that students have access to the very best materials and instruction at the most reasonable cost, will reflect the latest revisions to the exam.

Before registering for an MCAT Preparation program, consider the University of Oregon's. Inquire about our...

Faculty: University faculty from biology, physics, and chemistry as well as test preparation experts from Academic Learning Services.

Materials: Official practice exams and manuals from the American Association of Medical Colleges and review materials from the highly respected *Harvard Health Sciences Summer Program*. These materials are authored by medical educators and physicians from some of America's best universities and medical Colleges. Over 800 pages of review materials with guidance for preliminary study are provided to each participant prior to the workshop.

Videotaped Sessions for Review: All instructional sessions are videotaped to allow workshop participants to review sections or to make up sessions that they might miss.

Fees: The low \$200 fee reflects the service motivation behind this workshop. Unlike the private companies that provide workshops, the University of Oregon is not seeking to make a profit; it is providing this top quality program as a complement to its educational mission.

Schedule: Seven Saturday sessions
Feb. 26, Mar. 5, 12, 26; April 2, 9, 16
9:00 am - 12:00 pm; 1:00 pm - 5:00 pm
