Miriam Makeba (right) and Hugh Masekela (above) will treat audiences to a different side of South Africa tonight at the Hult Center.

South African music experience

The artists' success has done little to erase horrible memories of Apartheid

South Africa is in turmoil, 85 people have been killed since Thursday in violence relating to the political situation, warring factions of the Inkatha Freedom Party and the African National Congress continue the bloody battle in the

streets.

Friday night a much less familiar slice of South African life will grace the stage at the Hult Center, a Miriam Makeba and Hugh Masekela are coming to Eugene.
