PLEASE RECYCLE!

Why would an international wood products manufacturer be looking for Ducks instead of Beavers?

Well for one, we don't want our future executives chewing on our products, but most importantly, we are looking for the qualities that a degree from the University of Oregon ensures. The qualities that would not only contribute to our business but thrive in an

international company that is constantly growing. That's why we are looking for a few good Ducks with degrees in Business or Forest Products. We will be here on campus April 15th. So, if you are interested in scheduling an interview, just call the Career Placement Center.
