Finance Senator. I have attended every active ASUO student program present their budget. I feel that next year I will be able to use my experience when deciding how much of your incidental fees should go to which groups.

My goal as an ASUO Programs Committee Finance Senator is to keep our tuition down by keeping the incidental fee at the 1994-95 level. I would also like to develop a process in which students have the chance to review how the University spends our tuition money. This would allow students to voice their opinion on the efficiency of the University's spending. If you want a dependable, hard-working, and experienced person to represent your needs in the Student Senate, VOTE FOR SARAH KEECH.

LISA KAHN

Each term over 17,000 students pay a set amount of money to the University of Oregon. Students expect the money to be accurately allocated to reflect student interests and funding policies. With over \$4.5 million dollars to distribute between athletics, the eighty plus organizations partially or fully funded through ASUO, and the EMU and its respective groups, the task of allocating funds needs to be handled by a panel of student senators that are competent, skilled, and committed to proper and equal distribution of funds.

If elected to the Student Senate, I will strive to insure that student fees are distributed in a fair and impartial manner. I'm a hard worker, work well with other people, and will commit myself to helping the Finance Committee work towards resolutions that will benefit the student body. Vote for Lisa Kahn

MARK NUMAINVILLE

Students at the University of Oregon pay over \$300 per year in student fees to support various ASUO, Athletic, and EMU programs. This leaves the Student Senate in control of approximately 4.5 million of your dollars.

College is expensive enough already, and many students are driven out of school by these high costs. Therefore, the focus of our new, reformed student government should be fiscal responsibility to the Student Body. By bringing costs down, we can be assured that no one will be deprived of an education because of financial reasons.

I strongly believe in accountability in government. As your finance Senator, I will be directly responsible to you and will listen to your needs and ideas. I have closely followed campus issues for the past two years and I will bring a new voice to student government. I will work hard and stay committed to representing your financial needs while continuing to support our fee funded programs. On election day, vote for Mark Numainville, Finance Senator.

Seat #2- ASUO Programs Finance Committee Senators (Two Year Seat)

JOHN KRISTEN HOWE

The student senate is the ultimate representative of the student body. Yet, all too often you hear candidates speak of their special interests and per-

sonal agendas.

As a student at the University of Oregon, you pay over a hundred dollars per term in incidental fees. With this kind of monetary contribution, you should definitely have a say in how this money is spent.

As a member of the student senate, I will listen to your requests. Then I will work my hardest to make sure that your voice will be heard.

Put an end to the apathy and get involved! A vote for John Kristen Howe is a vote for yourself.

Seats #4 and #6 EMU Finance Senators (One Year Seats)

MARK BENKE

The EMU is the home to the majority of student activities at the University of Oregon. Because student fees provide the funding for EMU services it is important that these services benefit the whole student body. Once elected I will work closely with the other members of the EMU board to implement programs that every student will benefit from.

Working together we can make the EMU a better place for everyone. Vote for Mark Benke EMU board seats Four and Six.

TESSIE TALARSKY

Finances are a vital part of the university, and concern with the allocation of funds is essential. As your EMU Board Finance Senator, I will be impartial yet committed to your concerns for the EMU budget.

With the changes occurring to the structure of the ASUO, I feel that it is an opportune time to get involved with the Student Senate. By running for EMU Board Finance Senator seat 6, I am working to improve the ASUO.

When elected as EMU board Finance Senator, I will work hard and represent the students well. Four years as treasurer in 4-H and three years as a bookkeeper in a professional setting have provided me with the skills required for the position of EMU Board Finance Senator.

I am knowledgeable, enthusiastic and dedicated. Vote Tessie Talarisky for Seat 6!

SUH-SHYUN YEOH

The whole university is striving for diversity and so much effort has been spent to achieve it. However, do we see the result of all the precious effort? Now, I am going to prove that the effort spent is not wasted!

I am an international student and have been in the University for almost two years. I helped in both the New Student Orientation last Fall. I was so delighted that I was given the chance to share my knowledge to both American and international students. I became the Badminton Coordinator and member of the Executive Committee of Club Sports early last fall. At the same time, I was also appointed as one of the EMU board member. I joined the Budget Committee and have been dealing with \$2.8 million of the budget since then. I can proudly say that I am extremely familiar with the entire EMU budget (which consists half of the entire Incidental Fees) and am capable to deal with any section of the budget.
