Weeks 1-4 • June 20-July 15
This course will seek to trace the development of the German short narrative from the "template" of Boccaccio's Decameron, through Goethe's Novellen, "Novellen"-authors of the 19th century (Gottlieb Hauptmann, Drost-Hulshoff, Raabe and others), to prose writers of the 20th century (Musil, Bachmann). Some work with Novellentheorie but primary emphasis on the texts themselves. Conducted in German. Fulfills major & minor requirements.
